

About Us

At guardian Grace, our passion for helping seniors live happier and healthier lives lies in providing quality care. Our staff is trained to provide compassionate, personalized services tailored to the individual needs of each family.

We believe that all people are deserving of dignity and respect. We aim to create an inclusive community where members feel valued as individuals, where their uniqueness is celebrated and respected, and where they can participate in care as valued members of our community

Our passion is to provide the very best home care to our clients, who have a wide range of needs and requirements. To achieve this, we team up with families and individuals who have agreed to also help take control of their own care for as long as possible. Having lived myself many years in a home that was run by a carer, it became abundantly clear how vital it is to have loving people around you, who truly understand what you are going through.

Our Services

Light cleaning and laundry

If you ever feel like you're struggling to keep your home up to your usual standards? Whether you're looking for a regular weekly or extended cleaning visit, or just a one-off declutter and spring clean, our trustworthy and reliable Helpers will have your house sparkling and fresh in no time. They can also help with laundry and change the sheets – our Homecare helpers are always happy to take on the jobs you find tiresome. We hand-pick our Helpers who are interviewed, checked, and insured.

Transportation & Errands

Our friendly Helpers are able to safely transport you to appointments and visits. This might be on a shopping or cafe outing, or to a Doctor, hospital or dental appointment. The support your Helper provides can be particularly reassuring if you're anxious about facing medical consultations or challenging situations alone

Daily Activities

Whether you need to get something done at home, talk over something or just break up a bit of the day, your Helper will take time to make sure that their visit is as useful, enjoyable and rewarding as you want it to be. You will see the same helper each visit so that you can get to know each other and pick up where you left off each time. Visits are completely flexible in length and frequency depending on your needs.

Our Commitment

Our skilled caregivers and staff ensure the comfort of your loved one, by offering assistance with the activities of daily living. Above all, we strive to maintain a pristine environment, and reliable companionship. Our mission is to focus on person-centered care in its entirety. We assist your loved ones with their highest ability of independence, whether it be at home or at home-based facility.
